Suddenly, every print is worth framing

What does it take to make a true professional-quality 8x10 print in less than 90 seconds? The KODAK PROFESSIONAL 1400 Digital Photo Printer. Whether you're in a studio, on location, or at home, you'll get great prints, because this printer is optimized just for photos. It's fast and it's easy. Sealed with a laminate, your prints will resist water and fingerprints. And they'll last a lifetime.

Because the 1400 Digital Photo Printer uses dry technology, the price per print never changes regardless of image density or complexity. Print an 8x12, 8x10, or true A4, or print multiple images with 2-5x7, 2-6x8, or 4-4x6-inch photos per sheet. Choose from glossy or matte laminate. Suddenly, every print is worth framing!

Features	Benefits
Photo Quality: Continuous-tone, high-resolution printing	Get professional-quality Kodak prints in the studio, on location, or at home. Because this printer is optimized just for photos, you get a high-quality print every time.
Easy: Professional Kodak photos made easy	Connect the printer. Load printer driver, paper, and ribbon. Select image to print. You get a print ready to frame.
Versatile: Print 1-8x12, 1-8x10, 2-5x7, 2-6x8, or 4-4x6-inch photos per sheet (with 8.5x14 Print Kit)	Change print size without changing media. Save time and money by printing multiple images per sheet.
Durable: KODAK XTRALIFE™ Lamination seals every print	Get glossy or matte laminate for waterproof and durable photos that last a lifetime under typical home display.
Fast: High-speed printing	Get an 8x10 print in less than 90 seconds. And USB 2.0 connectivity transfers images rapidly to the printer.
Dry Technology: Dry thermal dye sublimation technology	No drying time. No smudging or smearing. No ink to clog or spill.
Affordable: Modest investment	Due to dry technology, price per print and number of prints per Print Kit never vary regardless of image complexity and density.
